Rituparna Samantaray : My first post would have been for you had it not been for the lazy person that you are to create your profile. You have been by my side as I took this roller coaster yet beautiful journey of my life, applauding me as my best friend, scolding me like a sibling and lifting me up like a parent. Hoping to continue our MI vs CSK fights every season (where MI will obviously win :P). Won't thank you now for you have lots of things left to do.

Bhadri Narayanan R : Hello Mr. Einstein. From being the guy who would be freaking the fuck out right before every one of the million chemical quizzes you became the calm and composed wise saint. My life would've been easier if you'd done the assignments a little earlier :p Good luck for your future! PS. It won't hurt to be a little less secretive about your life :p

Animesh Singh : The Silent Killer ... Just like in school you are as efficient in your work as James Bond. Bhai itna motivation kahan se lata hai. Sab bolte hai explore karo aur tu bolta hai aur kya bach gaya meri nazron se xD.... Baat toh na school mein karta tha aur na hi yahan par par jab bhi karta tha teri maturity dikhti bhai. Aise hi motivated rehna bus thoda zyada bola shuru kar par mere jitna bhi nahi xD.... All the best for your future bro...

Mayank Sultania : we met in hostel 15 where obviously you know, what was happening at that time. Teri marks ki lalak first yr se hi dekhi hai, ED lab ka pura table kaun create karta hai bhai ranking ke liye.. lol. Madhu sir ke class mein kitna entertainment hua hai bhai apna, plus a lots of profs ki mimicry and then tere liye ek fixed seat rakhna. Hamare class ka solvent topper, especially tera pyar with Jogi sir xD. Bhai Sahab CAT mein kaam padhke bhi machane wala.. god ho app. Class ke baad apne walking sessions and lab mein Brijesh ka forced tuning... and tera hypothesis pe kaam, sab yaad rhga bhai. Kya sahi notes banata hai ... ek ek word sir ka chapta tha, Hamesha aise hi machate rho sir!!!

Kaushal Kishore : Bro, any course.. if we are together, we are a team:). We work on the last night for projects and plan how to get through prof's questions XD. Remember, we plagiarised the 'Non-PLagiarism declaration form' and modified it to make it lenient XD. Your notes were the ultimate source of knowing whatever prof spoke in the class.. LOL. It's been really great working with you:). Take care!!
