Abhinav Jain : You are one of those people who always have a big heart to forgive people easily. Thanks for your room man, I don't know how many times I have taken a nap in that place now... ;p. Working with you in the tech council and in machine design was fun as you cracked jokes which always lightened the mood of the group. All the best for your future endeavors and let's stay connected!

Kushagra Kacholia : Bilala ji aapke jaisa light hearted aur kind insaan milna kaafi mushkil hai zindagi me. Apan ne jab bhi baat ki hai bhot maze aaye hain. Hamesha aise hi raho, khoob mehnat karte raho aur zindagi me kaafi aage jao yahi prarthna hai upar wale se!

Aditya Patki : Bilala, tere bina toh kabhi post-dinner discussions ya room khulwane ke expedition me maza aaya hi nahi. Intern aur placement prep ke time ke fundae hamesha yaad rahenge tere saath waale. Hum toh tujhe english movies nahi dikha paye, but bahar jaake shayad tu dekhne lage....all the best bro!!

Kevin Chacko Jose : To the most disturbing wingmate ever: it was a great 2 years with you (or one and half, I should say 😊). You stayed up all night with your friends, playing and fooling around so loudly that you never let me have a good night's sleep. Still, regardless of all that, you supported us, your juniors. You helped us in many insti aspects, gave us good advice, and comforted us when things went down. You were one of the best seniors anyone could have asked for, drawing the correct line between respect and closeness. We respected you as a senior, and you got close to us so much that we could even consider you a friend at the same time. Will miss your late night shouts and laughs, and hope to see you soon enough!!

Aayush Sahu : Bilala 157 ka safar to jabardast tha re, Tu insan bhi mast hi h bas kbhi kbhi discussions ko argument ki tarah dil pe le leta bas 😊, 2 saal fir bhi apne kayi mast discussion huye and mostly sb endsem me padhte padhte hi. Walks ke liye to harr time tyaar rheta tha, aur befaltu ke debate bhi boht jhilaye h tune. Bas thodi tension lena kam krde kyuki ekk hi cheez logo ko 10 baar sunana ain't good man. Baaki to machao r milte rhena room 157 ki yaadein taaza krne layak h. Abhi bhi teri saari kahaniya adhuri h, umeed h koi to teri shayari ki tarah puri ho!! Aur mere naam ka galt fayeda uthana kb chrdega 😂

Tanya Gupta : Bilalaaa! Manpro labs were fun thanks to you :D Tere life ka kaafi confusion suna hai :P Your thoughts are very unconventional and it is interesting having discussions with you. Remember that day when you, me and Abhinav hung out? I wish we had more chances to have such conversations. Tu kaafi mast banda hai, aise hi rehna. All the best for whatever you aim to do!

Yash T Rajan : Machine Design, Elec, TFE, life fundae ya Abhinav ka majak banaana; one stop solution to all problems hai apna Bilala boi! Minor ke courses teri and Shreyas wajah se hi pass karta aaya hun main abhi tak :P And padhai ke time mera RR sunane ke liye bahut bahut dhanywaad! Ek baat bolni hai mujhe, ki apne aap ko bahut underrate karta hai tu. You are one of those very rare people jo infi sincerity ke saath hardwork+talent ka combination rakhte hain. Thoda agar tu ye cheez samajh le and apply kar le, to you can surely achieve anything you will strive for in your life. Same city mein rehte hain, fir bhi kabhi milne nahi aaya tu, uska kuchh karte hain. P.S. Tera image training model is <3
