Bhishma Dedhia : 700 characters aren't enough to describe god! You are the perfect example of how someone so brilliant can be so humble, hardworking and helpful. Apke peeche toh mein 3rd sem se pada hu xD I will miss messaging you before every exam "Bhai yeh chamka tha kya aapko?" Aapke bina EDL (and controls lab xD) pulloff nahi hota and it has given me memories for a lifetime. Stanford has no idea what a gem they have landed upon. Bas kaafi jaldi graduate ho gaye aap (what a brilliant move xD). Aapse milne aate rahunga and DPAC 3.0 invent karenge. Keep inspiring and all the best for a bright future <3
