Aryan Agal : Darsu bhai! Kaafi late kiya YB open. Mere first year mein elec club, fir mere convener year mein baap con, at the same time my CG and of course part of tty0 too. I'm grateful for the help throughout. You're one of those machau people I look up to the most. Aapko mentor jaisa maantu hun, and I'm still taking tips from you :P. Anyway aapne kaafi machaya and aapke saath jitna hangout krne mila it was great. Bas mujhse H7 canteen mein treat leli Milne ke bahane :((2nd year summers) aur ghusaaya bhi nhi ek MI event mein. Woh aapka udhaar rha. Do stay connected, and have fun in Japan! I'll continue looking up to you! PS: MI waale milte hai soon

Prakhar Jain : Yo Tank brooo. Tere rone, sone, poor hygiene, knowledge, R R, stories, insti gossips etc have been really entertaining for me. I have found you to be an incredibly smart, knowledgeable and a helpful friend. This is the only time, I will say this so savor it :P. I will miss all the crazy adventures, trips and all the time, I spend with you. Japan jaakar thoda bhakchodiyaan kam kar lena :P. Best of Luck for your future, We will stay in touch :).

Ravi Kumar Kushawaha : Darshu bhai !! Tu kafi generous person hai. Khud to kafi rota hai, but doosre ki bhi infi help krta hai. You were my go-to buddy, whenever I wanted to play cricket. H18 mein apan ne kafi cricket khela hai. ML expert. Sony mein jakr bhul mat jana. Stay the same, Mota bhai.

Yashvardhan Didwania : Tank yaar, you are the one of the most helpful seniors and friend I met in insti. Right from my first year summers , when we were both learning django :P, I have always come to you for any fundae I need and you have been super helpful always. Sunny me aapke harkate aur baki time pe rona to hamesha yaad rahega xD Iske baad tch aur kya hi bolu tch. Japan me macha dena !!

Krishna Subramani : Tanky boi... Apna first project was gameathon in first year (Shah and Dodhi ke saath + honorary mention). Uske baad se from BCing to EE, to surviving in EE, to micro project to research to here, it has been a long journey man! Merko ye baat bahut accha lagta hai, ki even if task seems challenging, you put in dedicated effort (apna micro and comm lab projects!). Your coding skills are also god tier _/_. Machate reh Sony me (I'll be asking you for free PS5 stuff :p), and also enjoy Japan boss!!!

R Aditya Narayan : Borivali gaanv ki bantai, Darsu bhaili. I still remember the goa trip when we were sitting at the back and sharing stories (Sankhe shared a little too much, got the apt response for it :P). You're a fun guy man, with very bad taste in humor. Stay the same and in touch :))

Shobhna Misra : Yo! Working as part of STAB in the second year was a lot of fun. Yes, we lost touch after that, but there's plenty of time to get it back. Let's catch up soon. PS. A lot of respect for all your achievements in the last 5 years, especially GSoC! :D

Sanket Agrawal : Are Darsu Bhai! Kitna kahe aapke baare main! From co conveners to co CGs to pseudo wingies, there are so many memories with you, so many. I don't think I know a better Know-it-all person than you. The vast amount and variety of trivial non trivial stuff you know is truly respectable. I will never forget the time we spent together as conveners, as CGs making infinite memories and friends on the way. the trips with you, the last moment studies at your room, mere wo baar baar 5 min k liye so jaana xD are some cherished memories as well. Thoda rona and spontaneous gussa kam krde. Also, be more open about your emotions to people, let them know properly how you feel. Stay in touch bey! :')

Mohit Madan : Aree yaaar. It has been great to have you as a friend and a wingie, Thanks for all your help during the placements and I owe you a great deal for that. Tere Bantai songs recommendation have been great to listen at our room parties :p. Also it was really to have you on the trip XD. Tujhse ladaai karna was more fun than to have climbed till the lake. Always stay happy and cheerful like this and bas thoda rona kame karde. Waise apan Europe kab jaa rhe hai?

Pramey Singh : Yo second roomie. You are one of the smartest people I have known. Thanks for all the help and advice. I don't know what is the world record for chugging, but I'm sure you would beat it.

Awanish Kumar : Hi darsu bhai or should I say darusu bhai 🤔, infy gossips, random trips to hn, tujhe auto ke liye bol ke bhag jana, sab kaafi miss karne wala hu, abhi tak realise ni hua tha but ab jo likh raha hu feel ho raha hai ki zindagi kitni jyada change hone wali hai apni. Tu kaafi smart hai, bht saari chize pta hai tujhe, mtlb kch bhi puch lo, kch na kch idea rahta hai bhai sahab ko. The best thing is itna sab pta hone ke bawjud bhi you choose to do the right thing by everyone. Yaad hai error correcting codes ke lectures subah subah uth ke jana bina muh hath dhoye 🤔. Chal bro jaisa bhi hai stay happy aur mobile hours kam kar warna ankh me problem ho jayegi.

Pranav Sankhe : Darsu bhaiiii! Mast aadmi hai re tu. Right from when we I made Dhrumil ditch you to form a team with me to now sharing "The Beatles's" songs, it has been an indescribable journey packed with memories that will outlive both of us. It has always been wonderful exchanging ideas, stories, making up stories (mainly on you) and bitching :p Convener year mein kitni masti ki bey! Damn. Uske baad wing mein bakchodi be it Goyal ke saath self respect ko bech kar daaru pi jaana ya Ranjan ke wires ke baare mein sochna and the horrible incident xD I am so glad (not really) that you are coming to Tokyo! Infi masti aur maze karenge (read bully). See you soooooon!

Satyam Mohla : From asking for CS101 fundaes to branch changing together EE dual to seeing your placement white board and freaking the fuck out at my lack of prep, we have come a long way. I am so happy youre coming to sony man! sath me japan ! apan ne itni cheezo pe bullshit kiya hai, like remember the last time, me banging on your door discussing at 8 goddamn am because well lukkha life! its been a long time and i think we're gonna go a longg way man, from iit to japan to wherever. I am happy I had you , and I am even more happy cos our journey is not ending, my friend, its just getting started.

Mrunmayi Mungekar : Tankkk! The machau roll baap! Like one of the first few seniors who I have irritated, one of the seniors who I really looked upto since then...our long chats...from BC tips (coz aapna roll khandaan BC wala na :-P) to surprisingly sharing a love for coding - which eventually leading me to be a part of WnCC and then the MI "Web and Creatives" (:P) Team...oh the app! uspe to charcha hi nahi karte ham :-P You have been super helpful to me over the years as I pestered you with infi doubts! And just so you never forget, remember, you still owe the app team a biiig treat! :-P

Bakhshish Preet Singh : "Contemplating where we wronged Darshan Tank" "Saying thank you to Darshan Tank everyday" aur bhi kuch kuch groups hain which prove how important you are to us Darsu <3 . Kaash Valfi hoti teri :(, Kitna mazaa aata. Jitni bakchodi maine tere saath kari hai mujhe swarg to naseeb nhi hota, but tune jitne kaand kie hain cancel out ho gya hai sab. Mere lie to third OC tu hi hai. The third eye.

Anmol Gupta : Yo Darsu Bhai! Oddly enough apni jo bhi outings hue hain woh groups of three mein hi hui hain :P. Freshie year mein Sanket ke saath Khau Galli, Fourth year mein Arunabh ke saath Imbiss, and then Ritik ke saath Kala Ghoda (bleh :P) - we always needed a middleman I guess XD but they've been fun nonetheless! Terko 18 ki mess mein apne desserts offer karna was hilariously predicatable lol, pata tha ki kuch bhi ho jaaye, yeh banda manaa nahi karega lene se :P Abhi DDS mein maze karte hain :) All the best for Japan! (Please Sankhe ko sambhaal lena)

Apurv Tiwari : Darsuuuuu bhai! Freshie newsletter, MI MI, and randomly idhar udhar BB mein and final year mein to chalte firte mil hi jate the. It has always been nice interacting with you, and insti life ke meme highlights ki jab bhi baat hogi, Kala Darshan wala meme hamesha ayega hi ayega :P All the best for all your future endeavours! :D

Anirudh Mittal : Darsu sir _/_ Thanks for staying in touch as the club senior and coming to events. Fortunately I could take fundaes from you about random stuff in the past 2 years. Sony main E(R)C divison khol dena ek xD <3
