Vinoth Kumar D : My Dear Comrade-In-Lab🇮🇳...You were always there with me during those Struggling days with OpenFOAM & The allover night chats in PGHall were our best moments 🥰We always exchanged our problems with each other during those times...Your Consistency has always admired me bro, You have always motivated me to start with sports(But Failed😓), I was your human Alarm Everyday🔔🕒 ...You have always done ur best with limited resources & struggled like a real comrade🔥...I owe my FOSSEE Case study to you, ur attitude to help others is like🔥🔥...My best wishes for you comrade...Always be consistent in work+sports balanced like this👏👏 I will miss a great comrade 😭

Manmohan Singh : Bhai kabhi laga hi nahi tu aur m alag jagah se aaye the. Many people hear what I say, but you are among the few who always understood what I meant. You are one of the most transparent people I have ever met, I have literally never heard you lie to anyone in two years. We shall keep having "winner winner chicken dinner" out there in the world ahead of us, together and forever.

Tanisha Joshi : Yo Naveen! One of the most calm and cool people I have met in our batch. Itni baate nahi hui apni, but whenever we've interacted (propulsion bdays and treats and labs and aero events) you have always been good company! "Still waters run deep" - I find this quote very applicable to you. You'll do great in life, wish you all the joy and luck. Take care!
