Harsh Siloiya : Yo Kartavya, you remind me of the couriers from Skyrim - always appearing out of nowhere whether it be the mess, hostel lifts, canteens, lecture halls or even roads :p. Also, I remember the moment when you made me eat a durian candy, I'll be waiting for an opportunity to get back at you for that someday. Till then, have fun studying mech for one more year lol

Shreyas Likhar : JUNIOR (ab to maan le xD) kyoki ek employee intern se hamesha bada hota hai. Infi core enthu wali junta. Kasam(teri) se, tere jitna core enthu to kisime nahi dekha. bajaj hr ko kaise pata liya..ye to raaz hi rahega. Kitna machaega re.core non core har jagah bhai ke jalwe.Ek saal core EXPLORE karne ke baad jaha bhi jayega khub machaega.Bas Machine Design me tune dhoka diya iss baat ka dukh rahega.Apni to-be-happening Goa trip ke pehle wali raat to tuze yaad rahegi hi. But I wish future me waisa din na aaye XD aur trip ho jaaye.TD wala wo dinner mat bhulna. Aise hi mast soft-spoken aur helpful rehna. And that Hostel Council in your yearbook profile will always bother me..hamara bajaj<3

Malhar Jadhav : Arre Kartavya!! Tere room main kata hua lukkha with good & sometimes awfully cringey songs, bahut miss karunga .Jabhi tu 2x pe subbed anime dekhta tha , tere pe daya aati thi mereko 😂 . Kasie tera insti ke haar chil course main reg ho jata tha, I envy that😂. Chill course dhund kar batane & padhane ke liye thanks yaar. Pande ka course & Machine design project ka dukh rahega. Insti main jyada football khel nahi paae , koi nhi colony main jogging karne challenge (I hope u can keep up with my amazing speed😂).Aur DDP utna hi mun laga ke karna jitna apan ne baaki project kiye & Bajaj to hai hi (jk) .Bacchi hui insti life maccha dena! All the best Bhai!!

Arush Gupta : Karty baby. I'll be the Jarvis to your Iron Man; let's build something together, for the year that we have together; agar iron man ka suit (jo bhale naa ude aur basically kuch naa kare) nahi banaya, toh kya mechanical engineer bane apan log??? Kisi ki car ka engine chori karte hai ya kuch toh karte hai jisse dusro ko pata chale ki haa, ye launde mechanical engineers hai.

Sumanth Kandala : Kartavya (I really don't remember the last time I called you this instead of weird animal names) you really are GODLIKE! You are one of the only few people I know who can be so chill and cool all the time! I'll always remember our fun chats which were super weird ranging from DBZ battles to insulting poems that rhymed (remember that phase?!). Also, I'm confident that I'll convince you someday that Vegeta is just a sidekick for Goku, just as you are for me :P! Thanks for doing enough stupid stuff for me to insult you and keeping your legs wide open in football for me to nutmeg you :P. You know we'll keep in touch! P.S. This message is mostly in English so that you get to work on your skills :P

Kushal Agarwal : Kartavya! H7 H7! Apan humesha H7 wale hi rahenge. Tu humesha smile karte huye hi dikhta hai. Achi baat hai. Goa nahi ja paaye, dukh rahega is baat ka.

Nishant Sunildatta Ganvir : Kartavya bsdck!! Sirf mujhe real reason pata hai tune Bajaj ka interview kaise phoda to(achha hua tune wo ad skip nahi kiya xD) Tere sirf 2x pe dekhne ki wajah se mai piche reh gaya. Tere ko dekh ke maine bhi library me anime dekhna chalu kiya kyuki waha shaanti rehti hai. Aur wo mera aur anil ka KPK ka project. Tu aur Deepak nahi hote to ho hi nahi paata. Bas tujhe Baddy khelna nahi sikha paya. Agar agle saal saath me rahe to wo bhi sikha dunga xD

Nitin Tiwari : Kartavya bhai! Tere core ke pyaar se inspire hoke hi to mai apne aap ko core ke liye motivate karata rehta hu :P. Teri wajah se Internship wale din to yaad rahenge hamesha, baki apni friendship bhi kafi badi wahan pe. Honestly, tere se jyada chill aadmi dekha nahi aaj tak. Aise hi daudte bhagte raha kar. Contact me rahenge jaroor!!

Deep Karkhanis : Broooo!!! Tu pehle PACE main mila. Video lectures ke time BM bahot tareef karta tha teri. Laga ki bahot serious aur boring banda hoga. Par tu toh ekdum opposite nikala. Wagad main pehle mile. Tab legit mujhe laga tum 2 bande ho. Teri morning aur evening main hairstyle change hoti thi mujhe lagta tha do alag bande hai. Baadmein pata chala tu ek hi hai lol. Insti main kitni bakchodiyen kari... Malhar ko satana, shreyas ki lena, aur best toh buddhe ko pareshan karna. Teri marathon runs bro!! Fitness aur stamina main hai tu. Bhai ek saal hai abhi bhi. Milte rehna bhai ko. Aur Malhar ghar pe hi rahega meri taraf se pareshan karna usko...

Ahsan Aslam : The first time we talked was during that second year workshop when we shared the lock but I would have never guessed that one year down the lane you would become one of my dearest friends. I was amazed at how you are always chill but still racks up so many interns and grades..while running marathons, watching anime..all the while preparing for MBA. You deserve that pizza. I am sure you are going to crack IIM. The project really was an unforgettable experience..especially the last night. Oh btw..You remind me of a superior version of Napoleon Dynamite. Keep that hairstyle. Rock On, bro.
