**Ankit Neema** : Single..ab toh burai karna chhod de bey meri :P. Apne wing ka guzara toh nhi ho pata without you (esp. Mera aur Alok ka) and perks that you provided (TF forever :P). Cheers to the awesome Goa trip and to each of our wing outing. Ab toh bada aadmi ho gya hai 😊

**Sourabh Surage** : I still remember how you always used to come to my room for checking if i'm alive... and thanks bro for always waiting for me and understanding that me saying "5 min me aaya" actually meant 1 hour. I also remember how we used to talk about TF and future beside watercooler. It's lovely to have you as a friend bro, keep in touch

**Shubham Anand** : Bhai I am so glad to have shared that tenure with you.. You are one of the most busy person I've seen... Hamesha kisi na kisi cheez mein laga rhta tha lol.. But got to learn a lot from you.. And finally we went on a treat after you took some time out of your busy schedule haha...

**Aayushi Baheti** : "Stop being selfish, Singhal!" Chemical without you guys would have been so boring and torturing. Thanks for sharing all the assignments(though sab churaaye huye the), books, and all the support you extended to me, especially for safety. Pata nahi kya soch ke humne vo subject liya tha!! I will miss studying with you all. I wish you the best for future. Bhulna mat :)

**Naman Goyal** : Kitne labs me saath they apan 1st yr me saath me roll number ki wajah se. Kitni khabar aur gossips sunayi hai tune🤔. Tujhe aur mujhe neema ne kaafi pareshaan kiya hai 4 saal, hopefully ab nhi karega. Baaki to we can talk about random things for so long. Stay in touch, machaate rehna life me aur goa jaisi trip pe wapis challenge kabhi.

**Adarsh Rathi :** Yo chingies... chingle mingle tingal..tatti..negative and any other shit I use to call you 🤔 TF mei reh ke tere baare mei jyada pata chala, kya maarte the compi ki and wo gangup yaad hai na? 🤔 Also, tera "chup ekdum chup" - probably first time tujhe gussa hote dekha tha but kitna funny lag raha tha tu be🤔 tu har kisi discussion pe apna view batata tha but kuch hota nahi tha, bachho ki bitching and teri pessimism team ko le ke. Wo bike ride yaad hai, mast auto wale ko pele the🤔 vaibhaw ki saath mei maarna🤔 and usse yaad aaya uski bhand laash lo laana🤔 I can't forget that and all the team meets where you helped me by giving valuable criticism. We ended up burdening you people by extra competitions but it was literally worth it🤔 mujhe kuch bhi food place related suggestions chahiye hote to tere paas aata ya koi offers🤔 not to mention the streaming IDs🤔sorry panda, tu Tinder Gold kharidne wala tha mei kisi ko nahi bataunga 🤔 and design project mei kya bakchodi karte the yaar apne, random books to look intelligent, you taking notes by chalk on the desk🤔 Bangalore jaa ke bhulna mat launde, nahi to gaali sunega and thoda kam shy ban and have the same humbleness, friendly and helpful nature. TF bros for life ❤️

**Aniket Ranade :** Are Chacha ji kaise ho yaar aap, ekdum forties ke uncle jaise criticize karta re tu log ko. Compi ka ek hi sensible insaan tu Atharv ko mai na sensible maanta na IFT ka XD. Rohan bhi Ideate ka hi tha Charche to apne saare acche hi hue hai bakchodi hata de un mai se toh. Tu aa jaata tha yaar bahar humare saath accha lagta tha tu pita nahi tha par aake chakna jarur khatam kiya hai tune. Thanks bhai tune tolerate kiya hai mujhe. Bhul mat jaana ab bas :P

**Om Jaiswal :** Compi ko leke aapke ideas sunke humesha sikhne ko hi mila....although follow main nhi kar paya...from orgie year to manager tenure bht memories hain aapke saath...touch main rahiyege

**Alok Kumar :** Hey Abhishek(#ProManager)!! I agree that we love to disagree. But it has been an entertaining journey with you all along. Thanks for letting me borrow countless things from your room iron, fan, bottle, bag...and just to be on record I have returned them all good. Goa trip was fun. I did eventually ride 150+km because you risked your life and became my first pillion rider and mentor 😊. Ohh just recalled maybe you owe me something too...hope you clear the accounts soon. It was "sweet" of you and Neema to constantly size me up on any issue under the sun. If ever I feel over-achieved in life, I know whom to call. Wish you all the best in life. Looking forward to stay connected.

**Ayush Ankit Singh :** Singhal next khane kaha jana hai, plan bana le abhi se. Kafi nai jagah explore kiya hai hamne. I can always count on you for any kind of outings. Brutally honest at times, you are the one person that everyone look up for even the smallest of problems. Your room was the place for all those heated discussions, cringe moments gossips, fake news and placement prep. Chemical kafi impossible hota tere bina. Tere karand hame Neema aur Naman ko kaam jhelna pada. Aur tera aur Alok k friendship ko nazar na lage. I hope someday I can again here "Khane chal raha hai" and "Zyada soo liya isilye sir dard de raha hai". And FYI, aur kafi dhoke aage milene baki hai 😊😊

**Himanshu Goyal :** Single bhai! ♥♥ I will miss tera aachanak se prakat hona 😂😂 Bhai teri wajah se maine aapne 3 semester khauf mai nikale hai. 😊🙏 Tere wing mai backchodi karne ki aalag hi feel thi. ♥😊 Bhul mat jaana merko. Stay in touch. 😊♥

**Naman Chindaliya :** Bhai tu nahi hota toh lab nahi nikalte. Bhai last sem dil tod diya bro, I, The Naman Chindaliya offered you to be in my team(well kinda begged lol). Bhai kitne baar sath mae bhage hai lab xD. Best lab group tha apna(Grade chae na aaye :'( ). Aur thanks for all the printing and submission you made, thy group will remember your selfless contribution. Machau toh aap pahle se hi thae and Taj challenge pakka se <3. Milte rahenge.

**Khidir Usama Abdul Karim :** Tere naam ke bohot log honge but tere jaisa chutiya ek hi- socha ki tf manager banke tera single status change ho jaega. Tere room pe raat me woh discussions, fir khaate waqt chem profs ko gaali dena. Seriously bohot helpful insaan hai re tu but kitta sota hai. Aur tere sar dard kaun bhool sakta hai - zyada khaane, kum khaane, zyaada sone, kum sone sab se sar dard. Thanks for making chem easier to bear via ur & Alok ke jhagde, ur & Neema ki (love?) story along with timely papers and notes. Tere woh rai ke pahaad wali kahaaniya - tf ke budget ko x100 karke batata rehta hai re tu, kabhi toh sahi bata. Teri har jagah ki gossip pe har baar doubt karne ke liye sorry!! Contact me raha kar laudu.

**Lokesh Agrawal :** Singghhaall (I bet you will miss me saying your name like this😂)..My go to person in the wing and one of the person I can always rely on. Definitely 3rd year summers brought us closer and all those discussions about food😂..LOL.. Thank you for helping me out every time I needed you be it some technical stuff or jugaad or anything. All the best for your future bhai..Aur 2-3 jaguar lene ke baad humko bhul mat jaana. Stay in touch always. Milte hai jaldi hi bhai♥♥

**Bhadri Narayanan R :** Chingalss! Pata nahi kya milta h tujhe har bar mujhe ungli karke XD You were the strong hold of compi and endured everything on your way keeping the other two super close with you. Your coding skills definitely helped us a lot in tackling website issues. Your point of view on everything would surely be different from the rest along with your criticism. Seeing you angry is absolutely funny but it's nice that you are always level headed. I hope you take things in the future with positivity, joy and happiness. Good luck!

**Swapnil Agashe :** Yo Singhal Sir! Apna lab group ♥ Meri handwriting acchi hai bol ke mujhse hi hamesha lab me readings likhwate the bc. Aap na hotay to lab reports ban nahi paatey. Experiments perform karte waqt wali bakchodi, viva wale scenes yaad rahenge. Tune aur Yash ne jo equipment toda tha XD Yash to sala aadhe readings lena hi bhul jata, kabhi liquid jo measure karna hota tha wo gira deta😂. Stay in touch bhai, Naman se treat lena baaki hai. All the best for future♥

**Abhinav Kumar :** Abhishek, thanks for your guidance and support during TF tenure. Day-1 ki raat ko jab maari thi hamari, to really it helped. May you succeed kaafi jyada :p

**Arjav Shah :** Hey Abhishek! I remember how close we were during the Kota days & how happy I was about both of us coming here! Your simplicity, hard work and kindness is something I have always admired you for! We continued that great interaction in the first year (same tut batch too :P), baadme ChemE decided to take you to S1 :( I wish we could have spent more time together. Here's hoping that we share the same bond forever and stay connected. I am so proud to have seen you grow immensely during these years :) and am sure you're gonna do great wherever life takes you from here! Cheers!

**Naman Jain :** Single..hamre wing ka food department to tune hi sambhal rakha he..tere sath har cheez me maza aata...be it late night backchodi, trip ya exam ke liye padai...teri paas mere itna content hena na mujhe tere ko chood to nahi paunga..tere dialogue me nahi bhulunga..milte rahenge teri batai hui places pe

**Atharv Nandapurkar :** Singhal bro. Tenure bahut jyada jhagad lie, but ha bond bhi mast bana. Uss raat jo room pe apn tinhon compi ne itni baatein ki, kya feel aai thi. Hope aise frequently mil paenge apn and bakchodi karenge. Tu hi tha yaar jo Marki ko sahi se dekh paya hai, warna hum toh compi senti,lol. Sahi mein kaafi machaya tha tune, workshops ka kabhi hume kuch batane ke need nhi padi, tere compis mein humesha reg jyada rehta tha (ulta meri mailing bhi tune krni chahie thi:p), sabse jyada compi gw bhi tune hi kia hai bc, lol. Day 2,3 pe pura compi tum donhon ne sambhal lia, mein miss kr dia yaar but. Tu toh pakka machaega life mein, logon ko samaj pata hai, sahi wakt pe sahi suggestions deta hai.Good Luck b

**Aayush Sharma :** Yo singhal!! design project bhale hi aadha hua lekin maje poore aaye😂 jo bina tere possible nahi the.finally mujhe koi mila tha group mein jo Rath ki le sakta tha mere saath😂bhai design project mein Ganesha ko kaafi ch\*tiya banaya hai😂wo presentation ke din ChEA canteen par lunch karna,presentation khatam hote hi room bhaag jaana,lab mein sirf attendance maarne aana, tera H18 aana(ek baar hum bhi H6 aaye the), nightout maarke bhi kuch productive na karna aur deadline ke 2 mins pehle report submit karna🙏 Bhai placements mein kaafi help kari hai tune meri, can't forget jab Day-2 ke baad apan mere Room mein ABI ke liye prep kiye the♥touch mein rehna bey!!

**Abhay Tomar :** Mereko bhi laga tha tu bhot serious banda hai :p thoda machau types (cuz my bias towards tf) jaha tak sunne me aata tha. But hamari bhi galat faimy door hui kaafi sahi tine nikla design project me tere saath😂 (except for the constant give ups on one day prior night outs). machate raho life me aise hi.

**Pragadheesh Kumaran :** Singhal!!! You really did teach me a lot hindi, though I didn't speak😂😂. If not for you guys chemical would have been hell. You always helped when needed 😊 and translations 🤖🔥. It was nice to be your psuedo wingie😊 all those mess talks😊. Don't forget me😊
