Yash Samriya : Dude, that convener year was awesome! We pulled so many events together ranting about stuff along the way! I still can't believe we used to like H7 canteen food and eat there almost every day. Remember the insane number of chrome you used to keep open during exams and that amazing feeling seeing all of them close at the same time! That was some weird stuff! Ab thoda life me chill maro aur running ke liye jao daily! Stay in touch! :)

Thangellapally Aman : Convener days 🤣😂, thanks for making me talk when I was silent bro, you helped me get over my anxiety, all the best bro! 😊
