I wish your hard work will pay you one day. Whenever i meet you on my way to hostel or going to lab you always pass a sweet smile with a cute "hey" no matter how many times we pass by. I always felt a positive vibe coming from you. I have always observed you true to yourself, you are a girl of your words. Be as you are dear. and i am missing your cute little fish (forgot name). You will be missed. Keep shining and keep smiling because you are worth of it!
