Chinmay Kalra : Bhargav anna!! I will always remember you for coming to Sridhar's room before exams and upon seeing him teach the entire wing go back to your own room cursing us under your breath 😂. And then you would return back when Sridhar is free to ask him doubts in Telugu. And also, you were a great lab partner and a very gentle & caring person in general. Thanks for all those memories bro and all the best for UPSC!!
