Aditi Mahajan : Hello bestestestest roomie💖💖 bc har baar ki tarah year book pe bhi late aaygi, hai na Lazy ass?😂 I have sooooo many things to say which more or less end up with I LOVE YOU💖 Going all the way back the memory lane, remember freshmen year me some PH course jisne meri le rakhi thi and then you happened to be my rescue girl, saving me with all the tut solutions and stuff. Thanks for that and many more things🙏 okay so after the whole PH episode, I started bugging you, using your makeup stuff (bhai kya kya hota tha tere paas tab😂😂, we switched places lagta hai aajkal toh😂) and thank god eventually you started liking me(lucky me🙏). I am so gladdddddd that I asked you to be my roommate. That was one of the best decisions that I made insti me. You are more like a sister to me now💖. Tere bina second year and CG tenure toh nahi ho pata bro achhese. Thanks for keeping me on track and always saving me with you mature talks and thanks for being so caring. I have so many favourite memories of us bey, can't choose only😂 But I think apne so called room study sessions(jisme chocolate cookies were always compulsory 😊) Where we used to discuss random shit, exchanged music and sometimes get emotional can be called the best ones(😂) . I think tujhe meri insti life ki har ek baat pata hai, I can easily share anything with you without hesitating, you gained that trust bro. And always remember, I will always be there for you! Love you💖💖 I am hoping tu agle 3-4 days me khol legi yearbook😂

Jovina Vaswani : Babe. You have been a gem in my life, one of the best things AZeotropy gave me. When I flipped out during the tenure, you supported me. When I did not complete the work, you did it for me, without saying anything. How do you manage to be so nice bro? You have always been sweet to me even during times when all I deserved was bad behaviour. You have cute, kiddish traits, yet your work ethics and your perspective is so matured. Sorry for getting cranky sometimes even when it was you who worked more than me. Your smile is just so contagious that it will make anyone else feel lighter and happier. You can get anything you set your eyes to. I love you a lot. See you soon.

Sukanya Kudva : Hi Sayali, yaar teri hasi kabhi nahi bhulungi. I remember, in fresh year, I was parking my cycle one day. And I could hear you laugh from the 2nd floor. You and Priyanka always created an uproar in our wing. You were the only person who liked to wake up early in the wing. And I won't forget the time we spent studying together in fresh year. The volley camp was also fun with you and I guess it happened because you introduced me to it. You are very sweet to talk to. Wish you good luck in life:). I'm sure you'll do great. Keep in touch♥

You are very hard-working and aise hi hamesha haste rehna. P.S.- Teri insti me PR bahot Kam hai 😊 and age se bhamare ko kuch chizo ki to permissions de dena 🙏
