

ASHISH YASHWANT MANWAR

Mechanical Engineering

Yearbook
2020

Arpit Agarwal : Common sense is not so common bro!! You have always amazed me by solving challenging problems faced by Wingies by applying simple logic.. I will always wonder of things like- why did this guy didn't go for NSO Swimming, wtf did he say yes to wake me up for the dept trip, and wth did he take MM408 course and told me about it(My worst course of insti life ever!!) Apne outings toh bhulne layak hai hi nhi- endless stories hai.. I still laugh thinking about the way you tolerated me-" Yeh baat tu mujhe pehle bata chuka hai but mai phir bhi sun luga" :D

Mrunal Chavan : Yo Ashish!! Machine design project wala experience main kabhi nahi bhulungi.😂 Jai Sunflower Tech.,🌻 wo yellow gear, main reason to choose d color black, those test runs, wo class jake ppt banana, 2 whatsapp grp jisme ek just to decide who will reply to sir.😂😂 Tu problems bohot easily solve kar pata hain but well tu mere se bhi jyada aalsi hain.😂 Tere efforts ki wajah se he apna project pura hua tha.😂 Richa ko jhelne main sath dene ke liye shukriya.😂😂 Active raha kar thoda life main, u cn easily achieve whatever u want. Kafi machaega tu. All d vry best nd do stay in touch♥♥

Sunil B : 1000 acche kaam se ek dost mile. Dost mile, toh tere jaisa dost mile. Late night coffee, last minute submission, week bhar me MD ki project aur ghanghor ghumnaa- ye apne dosti ka starter pack. Pune, goa, diu last minute "chall-haan chall" ki masti. Aur bhi ghumenge, 'phirse machayenge'. Chal, jaldi milte hain. TC.
