Shweta Naik : Two times impromptu dance winner and a script writer, an artist and a singer, many more such qualities you have. One by one this qualities of your unfolded in these two years, but the most important quality that I saw was that of a friend who was there with me, when I needed someone. Just keep unfolding more such qualities. And yes, the deathly duo is not you and me, but you & someone and me & someone :P

Khaire Abhishek Vinayak : Waise yaha likhana bada dikkat ka kam hai, aur do saal me tumase jyada bar maine crib hi kiya hai 😊. Dancer, poet, writer, director and many more hidden talents. From Sophie prod to (ahh... Abhi khatam kaha hua hai) 😊. A silent bomb, bohot bolna hota hai but bolti nahi ho, koi baat nahi phone hai na likhke padhake suna dena 😊. Only friend of mine who speaks less than me 😊. Ab dekho bohot likh liya baki yaad kar lena kya kya kiya hai do saal me. Milte rehna. Dalma khilana kabhi.

Ananya Sarangi : Remember our Btech farewell message.... From Harry Potter to fantastic beast, I got a surprising author/dancer who loves me a lot, can fight for me against her best friend (you know who that person is 😊), and still cry like a baby. Your shayari always takes me to some wonderland. It was a wonderful journey with you. From fighting like children to making you listen to my PJs, the journey still continues. If I say thank you, you will kill me. So instead I will say that I will still make you to listen my PJs for the next coming years. I know you love me and miss me a lot 😊😊❤❤

Priyanka Gogoi : Aap ke liye kya bole talent itne hai pata nahi kaha chupake rakhte ho... thank you for the role I enjoyed and learnt a lot..will miss your mirchi+lasoon+water ...miss our talks in dinning area ...take care dr

Himali Mhatre : You breathe the beauty in art! And then make everyone believe in the beauty ! Be it your effortless dance, a heart-warming poem or a mind-boggling script ! 😊 No wonder everybody remembers you for it ! 🥳 Will look forward to watch you perform! 😊

Sakshi Pandey : I have already written.. I love you and Ananya the most here! For our love for books to movies and stories.. The way you supported me throughout, be it for relationship, hospitalization, academics and everything. I just hope we will meet again somewhere, someday and smile together!

Sunny Johari : Department ki farhan akhter.. singer, dancer, writer, actor, director...likhte likhte shabd kam pad jayenge, bas yahi kahunga ki tu pura full package hai yaar. Pehli baar insti me tmhari wajah se hi stage pe chada tha...bhale hi uske baad mai department ka papa ban gaya. Fir wo pgcult me apna drama jisme 20 sec ki taiyaari me 2 min ka performance de aaye stage pe Waise dekhne yaa bolne me tu bhale hi kitni shaant lage lekin tafribaaj kam nhi hai tu bhi. Waise maine yeah corona me seekha...aur kaise khaaya jaaaye Agar college me nhi bhi mile toh delhi me jarur milenge fir waha par apan bakar kaatenge. Aur haa tujhse aur ananya se mujhe odia me gaali toh seekhi baaki hai abhi bhi

Prathamesh Antarkar : 2 bar network error hua...Fir bhi likhna to hai...To ye hai entertainment ka pura dhamaka...Dancer, actor, singer, writer, poet aur kya kya...Sabse maza tab aata tha jab tu almost gali dete dete ruk jati...kabhi puri suni hi nahi...The best part was wo bus me ka dance...jab tu puri bimar thi...but dance to dance hota hai...

Nisha Satish : Hey there dancer (drooling), Kamariyan....music playing in the background! That dance was pathetic but i loved it. I am sorry about your black shirt! I still wonder how you survived you TD609 :O Clam one of the lot, gonna miss you! Take care and all the best! Kamariyan...music still playing in the background!

Gagan Gautam : Tum to bass tum ho. Or tum hi samaj sakti ho Taught me lots of things which are out of Academics. I was silent like you but couldn't maintain that during final year. I won't forget the unplanned outing to Hiranandani and that evening we had one of the very interesting discussion. This time I am not flirting, I mean I am seriously saying 😊

Rohit Kumar Prince : Hiii "CM" Sorry for dropping your drama role. Thanks for noticing those small details which no one ever did. I wouldn't have got to treasure those if TD609 hadn't happened together. Although we don't need to write as such, just because you did a formality by posting here, I too will have to :p Summing up at this platform: A journey from unknown to Bahen to GuruBahen. Aur haan, adventure ke naam pe OMM, PSI, SPS (& NCN obviously) yaad rahenge hamesha. PS: Bhagwan kripa se agar convocation ho, jyada saj dhaj ke mat aana, lagegi waisi hi xD

Swagatika Priyambada : Writer, poetess, dancer, you wear many hats. I enjoyed the lovey-dovey fights that you and Ananya use to do in room. I never imagined I would have someone from Rourkela in my batch but you were there and I loved talking about my favorite city with you. Be as you because you are great that way!
