Aryan Agal : Hi bro. Or bhatejee Didn't really know you to before IIT xD You're a very good person and quite fun loving. Kaafi genuine banda and tere saath baat karne mein accha lagta hai. Stay connected and thanks for the tip in 4.2(you know which). Tere saath ek aur saal spend karke maza aayega.

Atri Dutta : Hey man. ek saal aur hai(hopefully usse zyada), but still likhne me kya hai. you are awesome. i have yet to meet any other person who introspects and tries to make their actions better as much as you do. you're my 2 am buddy, is you can stay awake till then, lol. nahi to 6pm wali skype calls will always be on. gym aane lag jaa mere saath pls. keep sending random weird youtube videos, and ill keep telling you dark jokes. Physics me machana. 3 department ghoom liya tune abtak, mr. worldwide ban chuka hai. damn, i can keep writing and writing, but i guess abhi ke liye itna hi sahi. Wont write keep in touch, because abhi skype call is already on the line, no?

Animesh Singhal : Hey dude! I've loved the deep discussions we've had about academics & life (remember the one at H5 mess? :p) and would look forward to more. I still remember the first time we met at Library in the 1st year and your subsequent teaching sessions in the 2nd year <3 Thank you for that :P I really respect you for your dedication to whatever you pursue in life. All the best mate!

Ganesh Chelluboyina : Yo buddy! Until I got to know you well, I thought you were an insufferable maggu :P Later I found how far from the truth I was. We only met intermittently through the years, but your warm words and empathy have always stayed with me. I always admire your terrific enthusiasm for science and research. Keep up the great work and stay in touch!

Tanya Mamgain : I'll probably always remember you as the freshie Arush who was so bubbly, chatty (and a little annoying :P) You were probably the first person I met when I came to this college. Stay happy and cheerful like freshie Arush ! Oki bie

Bhishma Dedhia : Yo Arush! Tere ko freshie year mein mila tha D2 mein thanks to your chacha. Sabse cheerful aur enthu bandha lagta hai mujhe tu. We've had some really deep conversations and kaafi intellectual hai tu. BC karne ke baad utna interact nahi kar paye apan. But 4th year mein milte rehte the and baatein kaafi hui. Final year macha de and never lose the physics enthu! Tujhe and Atri ko toh ab Princeton milta rahunga ;) Keep in touch!

Krishna Wadhwani : Arush thinking about our friendship, what I can distinctly remember are the double meaning jokes and sometimes, really awkward single meaning ones (mostly from you 😂). One of our memorable moments that I can remember is when I had to stay in your room in the 2nd semester as I couldn't get in my room, because you know why 😂. You're one of the nicest guys I know and we'll definitely stay connected ♥.

Mudita Rana : Hi Arush!! The ELIT summer is always going to be special for me because of our team. I still remember how nervous you were before your first class xD all those meets with yedu, Karan and aishani where we discussed more jokes than work, are some really sweet memories of my 2nd year summers that I'll cherish forever 😊

Sriganesh N : Yo Orush! One of the earliest memories is the nightout for Prabhu sir's course project in first year. And I still don't know why you slept in Naman's room in my wing the next night (if at all you slept :P). You shall go down in history as an ever-cheerful guy, both offline and online. And yes, try to crack up less on streets because as you say, people may begin to assume you are insane, if they don't already. Having lived all your life inside the campus, I am rooting for you to become a prof here and fulfill your destiny xD

Siddhant Jadhav : Yo wingie... Even though tu wing me nahi raha, you were as close to us as other wingies. We missed you. I remember our cycle ride jab hum kaafi deep baate karne lage the. It was always great to party with you. Aisa lagga raha hai thoda time kam padd gaya. But kya karte, jab finally hum jyada milne lage tab sabko ghar bhej diya. Milenge fir se insti me. Ek aur baar khana order karke wing me masti karenge aur koi adam Sandler ki movie dekhenge

Abhinav Jain : Yo Arush! I cannot forget both the very first and the very last encounter that we have had in these 3.75 years. I clearly remember the very first day when I met you in the elevator, I am standing with my family and the first thing that you tell us is ki H15 ki mess acchi hai cause waha 2 eggs milte hai xD, the cheerfulness you had at that day, I am happy that you didn't change even after these years... Oh and the last interaction in Krishna's room this sem, kya mast titles banaye the yaar humne, we need to play that game again :D... both of us will be here for another year, so let's meet more often and have some more laughs together :-D !!!

Ayush Dubey : Bro you were the one to introduce me to so many people even before the Insti started. The late-night guided tour of the campus a day before our acads started was the highlight of my first year. I've got many great friends courtesy you, or I wouldn't have even spoken to the arrogant-looking people. I know we drifted apart with time, but I wish I could go back to your 15A wing and enjoy again. You care greatly for people, and I hope you'll continue the trait. I wish you all the bets in life, and hopefully, we meet again as great friends in the near future!

Arnav Dewan : You amazing weirdo! Though we met in the first year itself, I got to know you better in the last year only and now I wish it could have been sooner. You are an amazing person, with amazing interests and a hatke thought process. Having philosophical discussions with you were just amazing! And tu kitna machata hai yaar! Thanks for introducing me to professors with whom I wanted to work! Thanks for everything and always be the cheerful self you are!! Always stay in touch!

Samardeep Sarna : Our interactions have almost always been in random encounters on campus but still have lead to very interesting discussions! Keep smiling and being the way you are! :)

Jovina Vaswani : We bonded over our love for research and later realised just how much we have in common. You are a very nice person Arush, one of a kind 🥰♥. Thank you for placing trust in me, and sharing your dreams and plans. I want to see you going ahead in life with your amazing attitude and dedication. I believe in you, and would want to stay in your life as a person you can count on. I am glad we have one more year to spend time with each other, and exchange our crazy ideas and perspective. Stay happy and cute!

Kartik Patekar : Hey Arush, I am probably gonna rememeber you as this cheerful guy with lots of thought about life and huge Physics enthusiasm who has different hair-cut everytime I meet him :P. Dude, you are one of the easiest person to open up to, and although we had only a few conversations but probably each of them lasted hours. I am quite happy that I met you, and I hope you achieve all of your dreams! Hoping to meet you again, someday :)

Abhisek Sahu : Arush! You are the person who takes 'enthu dikhao junta' so seriously that you never seem to have enthu lacking. I will always remember you as the cheerful and warm person who can just light up anybody's day. I came to know you through MnP and other Physics stuff and without doubt you are the 'top enthusiast' 😊. I hope you keep having fun with Physics and I hope to see more of you in future. Keep in touch 😊

Pujan Biswas : Weird Flex but okay. Thanks for the hostel and insti tours. Freshie year was fun. All the best for everything :)

Nitish Joshi : Yo Arush! First year mai kaaphi maza aya when you were in the wing. Kaash tu hostel me hi rehta next 3 years bhi. But kabhi bhi ham milte the, I always liked that you were happy, cheerful and brought positivity to the room. Will keep in touch aur ha East Coast aa jana next year phir plan karte hai.

Saman Siddiqui : Arush! I don't think there's any other person who sums up my freshie year better than you. I'm writing it here so you never forget, but I think we dated for 2 days XD I've seen you grow over the years and the Arush today is unrecognizable as compared to the Arush I met in the first week of college! I know you're a beautiful soul and I would trust you with anything. I'm so glad that you found yourself and I'm very proud of how far we've both come! Always stay in touch with me? Okay?

Anusha Dubey : Hi Arush, Thank you for amazing 'ghar ka khana' treats in first year! You are a weird person who is fun to be around :P Freshie year memories are quite prominent and I'll cherish them forever! All the best for your life ahead and stay weird 🤪🤪

Sanit Gupta : Arush, idhar tera mazaak udane ka mann kar raha hai but I guess aaj ke liye rehne dete hain. Ek din ke liye tareef sahi. You are one of the most sensitive and empathetic people I know and the world would be a nicer place with more people as thoughtful as you. Although kabhi kabhi tune dimaag ka dahi kiya hai, I have always enjoyed my discussions with you and I think they helped me grow as a person (not nearly as much they helped you though hahaha). I am sure tujhe inner peace and akele rehne ka chance donon soon mil jayenge. Chill maar and take care. Touch main toh rahenge hi otherwise tera pata nahi kya hoga.

Chinmay Kalra : Arush bhai!! Aap bohot hi strange but cool aadmi ho. Don't remember how we first met, but I still have a lot of our videos doing chutiyaapa and other 'weird stuff' in my wing 🤪🤪. Though we couldn't get to interact much after first year, lekin jab bhi milte the mast bakchodi hoti thi. Tu bohot swag aadmi hai bhai...aise hi rehna and keep in touch!!

Kushal P Yadav : As flies to wanton boys we are for the gods, they kill us for their sport. Soon the science will not only be able to slow down the ageing of the cells, soon the science will fix the cells to the state and so we will become eternal. Only accidents, crimes, wars, will still kill us but unfortunately, crimes, wars, will multiply. I love you <3.

Arjav Shah : Aruuush! I won't forget the insane stuff we'd do in our wings in the 1st year xD Still remember those talks we used to have with Ladha. It's miraculous how we got back in great touch in the final year after an interlude :) Maybe it was for Parag sir & our mutual concerns & dislike for the current system? Who would change haircuts so frequently!? :O That Starbucks discussion with Arnav was priceless! Would always want to continue having those serious (& productive ?) talks with you on life, work, academia,...! Your genuine concerns for everything around you & honesty is something I admire. Here's hoping that we'll be able to turn our solutions into reality very soon and stay in touch. Cheers

Richa Agrawal : Hey Arush! I will always remember you as the sweet weird kid I met in 1st year. I'm so grateful for the times you shared your tasty ghar ka khana in H15. I hope you are doing well and all the best for the future!

Sharath Chandra Ale : Hey schrodinger wingie!! Our every interaction is always off the beat. Please stop saying sorry to all dumb things. I guess final sem me hi ham zyada hangout kiye the. Our wing will remember you, "Arush was here 😊😊". Wish we had more time. Aur contact me rehna ham sabse. All the best !

Anirudh Mittal : I chuckled when I saw Hostel 6 next to your name xD We always meet unexpectedly and you always look like a different person :P But you're always so happy and soooo caring. Half the time you apologize for saying things you feel might hurt :P But talking to you is like taking a mini break from insti and it's very refreshing. Wapis Starbucks chalke woh "What is life?" and "What is love?" discuss karte hain!!! And I am going to continue saying the word you hate the most "Aap" [You see how I wrote the whole thing in english just to avoid using the word?] You're also not graduating toh abhi ke liye itne hi senti milegi :P #GettinGoodAtSenti

Rohan Potdar : Bhai, itna khush banda nahi dekha tere jitna! Kaafi maza aya tha MAC lab mein! All the best for your future!
