Mrigank Ashesh : Bro I am lucky to have you in my wing. Honestly you have been such kind, innocent, helpful and smart at times. You were the first one jisne meri internship ka dard samjha. Cryptography course main 🧐 hats off to you. Bas room lock karna kabhi mat bhoolna. I would really miss the pranks we did on you. Stay connected bhai.

Edwin Saji Uthuppan : The next Ramanuja, Kendrick Lamar's namesake, one of the few Christians with whom I could skip church! Man, I'm sad I couldn't see your face when we emptied your room. Hey, what happened to all your pimples in your pic?

Atri Dutta : Tu kitna shaant rehta hai. Lekin mast aadmi hai tu. Goa trip se leke random lab me, "Kenrick tera signal frow graph bana kya?" se leke all those discussions on Arsenal and Arsene (Will always have a soft spot for Arsenal), it was amazing knowing you, mere dost. Lets plan our US ka alum get together soon, okay? Keep in touch!

Azmera Akhil : Yoo pinto khelte na aaj football freekicks !!! and you were like "sry bro aaj nahi tut h mera abhi". Anyway I'll miss playing football with you and sachin, also you are bad at bluffing in poker. Gunners as in Arsenal suckss!!! :D

Adane Sahil Ravindra : We always knew each other and talked sometimes but this last year in the same wing was a lot of fun. I have no idea why I started with all those locking-you-out pranks. I remember Wadi asking me why and I just said, 'Abhi apne wing mai hai, annoy to karna padega warna dost kaise banega xD' But yeah, you have been a very good sport about it and it worked so I am glad. A lot of good times - hanging out in your room playing kabo, discussing football, books, our brothers, and obviously megging you in the sitting area. I know you know I am better ;) Arsenal fan hai yaar tu, that is a joke in itself xD Anyway, good luck ahead and kabhi kabhii message kar de bro :))

Rushikesh Bankar : Are bhai bhai vo last me apan ne corona party kar li accha hua Bengaluru me apan bahut experiments kareng redbull jaise 🤪🤪

Ibrahim S : Playing TT till we get tired, Forcing you cycle to Juhu beach with edwin till you die-out, Sharing Hot chicken pieces while we are roomies, taking you to hoggenakkal trip(remember bus ride!), checking out restaurants, movie nights in room (V), hearing you calling me black slang, shouting at midnight after doing viru's project, swearing each other while playing l4d2. Damn we seriously had some good moments. Hope we will meet in near time in future.... One more question are you going to take yulu pack in bangalore???

Lokananda Hari Vasabhaktula : It's a huge coincidence that we both were roomies. You wouldn't have survived anyone else. We motivate each other, sometimes to do the wrong things but still. Stay healthy buddy. You get sick too often.
