

ASHUTOSH KUMAR VERMA

Computer Science & Engineering

Yearbook
2020

Abhro Bhuniya : Kaka, tum bohot mast kaam karta hai. Your dedication to all things you want to do motivated me a lot when I was down. Har baar wing me milte the aur baate karne baith jaate, woh mujhe humesha yaad rhega. Ki tumhare saath baat karne me kitna comfortable lagta tha. Bas ab toh tumhe aur machaana hai, God awper to ho hi, God coder bhi ban jaoge. Tumko bohot miss karunga. Ek baar bhi mai tumko total bhand nhi dekh paaya woh bohot badi regret hai mere liye.

Ishan Tarunesh : The thing I like about you is that you're down to earth and humble. You never make the other person feel subpar even if you would be an expert at something. Apne political views kaafi match karte hain. I like how you give concise opinions only after having sufficient knowledge about any field. Whatever you do you do it with great dedication - coding, gym, CSGO or searching insta profiles. You're humility will take you to great places. PS - Patna ki ladkiyon ko maaf kardo aur mat jaane do apni simran ko.
