**Bhishma Dedhia :** Extremely smashing fun 2gud final year brainstorming scenes thus proving that whiteboard is the only thing required to forge great bonds XD Jab voh pehla lower bound prove hua tha kya mast pagla gaye the sab :p It was a honor to be your department mate! It was a delight to run into you between 7-8 PM on gymkhana grounds. Keep running and discovering cool ideas! US aajao jaldi (east coast hopefully), saath mein marathons bhaagenge. Hopefully aage bhi collaborate karne mile. Keep in touch!

**Pranav Sankhe :** Legend \_/\_ H7 mein random mulakaate aur baatein badi pyaari hoti thi apni. Elec dept ki bahut bitching ki hai xD TL mein pehli baar mulakaat hui thi jab tu kuch cool si chiz bana raha tha. Kya mast gappe ladhaye the tabhi TL mein raat ko! Research mein machate rehna and keep making us proud! Have an amazing year ahead in insti and stay in touch!

**Pranil Joshi :** Legend!!! Kaafi machaata hai tu. Genuinely. You're always fun to talk to. Plus, you have mad work ethic. Also, I cannot think of a better, more caring person to be a DAMP-Co. Very hard-working, very well-spoken, very friendly. Overall achha baccha. Pranil-Joshi-certified.

**Parthasarathi Khirwadkar :** Yo Ashutosh! Legend of EE dept! The guy who always does atleast 2 projects at once (like GSoC+internship, working for startup during a loaded semester, SRE+RND)! The guy who did it all, from dept POR to DAMP mentoring to WnCC convener! 🤯 Tales of your legendary abilities are endless, and I am glad that we stayed close friends. You have been my main source of latest insti gossip 😊. Cheers to all the fun times we had during treks, Inter-IIT Tech, random outings in Mumbai and even night-outs in Lecture hall complex during exams 😊! I always make sure to get your advice on everything. Keep up the legendary work-ethic! We will surely keep in touch for many more years to come.

**Unmesh Raskar :** Legend! I don't know much about how good you are at acads, bas itna pata hai tune infi machaya! I still remember how you prank called GD in H15 mess in Freshie year LOL. you are very smart, definitely a gem in elec! Wish i had spent more time with you in academic discussions. You never turned me down when I asked for help and closely saw what I did to myself. Hope I proved myself to be better than the worst you have seen of me. I could never figure out who liked whom in elec but you were always the ladies' man among all of us ;) I am very proud that i had a wingie like you. Placement macha dena! Stay in touch and come to Pune with me. Next party when we meet is on me! All the best!

**Navnit Kumar :** Legend bro aapse boht kuch seekha hai maine. Senti due reha agle saal. Tb tk last sem ki wing trip plan krte hain

**Sahil Shah :** Hey Ashutosh! I first got to work with you when we were both WnCC convenors and it was always fun working with you - I remember planning all those Reflections! Then, I started seeing you running nonstop when I was starting out and that always motivated me! And then of course, the AILA course project which turned out surprisingly well. It was fun brainstorming ideas late into the night, especially when they worked out. I am sure your dedication and work ethic will take you to great heights! All the best!

**Desai Darshil :** Solving those automata quizzes together was damn painful, but somehow watching you suffer with me made it bearable and sometimes, even fun. Thanks! You are super tough and hard working, and I wish that you always stay the same! Best luck :)
