Anmol Gupta : Yo! (most evergreen salutation ever? :P) I'm so proud of how creepy you've grown to become under SSS :P Honestly don't remember much from coordie tenure except for those dangerous tales of your school life and some meek confessions (ahem ahem!) But then the next year was really great! "Main karega!" and "Main pata lagayega!" can cover half of our insti life interactions XD That Laxmi dinner was LIT :P Glad that you explored what you really want to do properly in insti, or shall I say - kitna pivot karega?! :P All the best for final year, it's gonna be fun, and please fix your sleeping cycle :))

Risha Agarwal : Dont think I can imagine insti and Panchkula without our friendship, and I'm so sure it's going to last for ever 🌻 To more 'sensors', shinchuan, weird meme tags, ice creams, movies with French fries instead of popcorns, "claps" lmao, witnessing break ups on insti roads XD, h10 garden :), ISAA hoodie danger 🤪, "Yaar I am destroying nature, I'm insensitive", "yaar ye toh mere prof ka ghar hai let's run away", I think the list of funny, creepy and happy memories are countless. Stop living in an opposite time zone. "Main karega!" "main soyega" "main khayega!" "Main pakka yearbook pe likhega" Now fuck off

Pujan Biswas : Our wing in H16 was named BatWing but the bat lived in the nearby wing 😊 I'll never run out of such statements and prolly you'll never stop doing that weird-ass laugh 😊 Yaar Elec mai kyun gaya, mere contacts mai abhi bhi "Adarsh Meta" hai tu 😊 'Hum-tum' waali gaaliyan waapas start karde, it will screw with everyone. Waise, gossip queen ho gaya hai tu. H16 mai infi fuck ups kiye hai..excluding you coz tu magg raha tha andhadundh 🤪 Ravi and teri conversations bhi mastt hoti thi. Acche ISMP select karna pls, coz GS decision lene mai jo hage ho na, katayi nahi vishwaas hai 😊 Suno, insider info 'Yo' ke saath bolte rehna and please hum gareebon ko bhulna mat. Your kaam waala co-ordie 😊, Bisso!

Atharva Jaipurkar : Hum hi hum, Wing ke overachiever bc! Bc kya kya kiya hai tune 4 saal me! BC, TA ship, ISAA, P&G, aur abhi SMPC 🙌 Tere aur ravi ke karan pura wing hum hum karna sikh gaya! 1st year me kya maggu tha bhai tu, pure wing ka padhata tha! Bhai tu pakka nigga dikhta hai piche se dekho toh xD kabhi toh naha liya kar bhadve, aur earphones ache se rakhna sikh le 😊 Bhai P&G Interview me teri tips and tricks bahot kaam aai mere! Sarthak Sharma : Bhai tum aa gaya finally YB par, hum kitne dino se bol rahe te (BC puri wing ko Jamshedpuri seekha di tune) teri over achievements ke liye kya hi kehna God ho aap sir :p Bhai first year ke gaali fights and tumhare post exam claims (hum pila diye xD) abhi bhi yaad hai! Jab bhi zarurat padi hai tumne infi help kari hai and BC SMP-OC ban ne ke baad bhi tumnr jis tarah se wing ka nhi kataya kabhi uske liye bahut respect hai _/_ 1st Dec ko sab aayenge tumhare liye bhaagne :p phir pila doge tum :D Only one advice jo hamesha deta hu please Black T-shirts pehan na band karde xD

Shubhankar Mihir Seth : The Ideal Boi! Boss, how do you know all the gossip that's going around insti? That's some solid network. Anyway, I think I had heard the most amazing things about you before I finally got to know you, and I haven't been disappointed one bit. I'm so glad we could poach you from UGAC, and you've been such a dependable and dedicated team member and leader. I'll never forget your expressions from the day we announced the results and the public humiliation that you exposed me to in the Math DFM lol. That department has to have the highest number of Adarsh haters per square meter, but I hope you can fix that in the tenure! Here's hoping we keep meeting, and that you take SMP to greater heights!

Sarthak Nijhawan : ADARSH KUMAR!! - ain't ever gonna forget that. It's been a great pleasure working with u man. Your sheer tenacity, grit and staying at the task impresses me the most. Subsuming the UGAC & getting u guys on board was one of our greatest achievements. And we're proud of blowing our trumpet over it :P. I'm sure u'll continue with that legacy of ours :P. Always maintain that glowing smile on ur face when shit goes down, maintain safe distance from Math Dept, fear EE for what it is xD & fix ur sleep cycle (need I say anything more? countless suggestions already on the way; & stop ropping in - in fact, tempting - people to join that club :P). Aur ye DGM kya h?

Anusha Dubey : Adarsh bro ♥ Meeting you and Anmol is one of the best thing UGAC has given me! Coordi tenure me shayad kabhi tune meri taraf dekha bhi nahi 😊 par ISAA tenure bohot lit tha bhai! Never thought how an extremely 'Adarsh' person like you can be such a pro at gossiping! I'll really miss all our goss sessions! Tu mahan hai, dev manus hai 🙏 I have took a lot of inspiration from you always! Only you know how to leave a strong impression by always staying calm and quiet, aur hamesha RR krke bhi har jagah kaise machate hai 😊 GSAAA memories to awesome hai hi, bas tune ek khaas sapna mera adhoora hi chhod diya 😞 Thanks for always supporting me in both tenure! Tere bina mera kuch nhp :) Lysm bro!

Ravi Ranjan : Hi Roomie! I know you from our JEE classes waha bhi machata tha. First year se machane wala roomie ...insti ka sabse machau insaan. Humlog kitne arms wresting kiye hai jisme sab main mein hara hu XD. 1st year acads mein tune kaafi help kiya hai. Tu bahot sahi guidance deta hai. I know tu or machayega life mein and Quantum Physics mein tujhe hi Nobel Prize milega. Humlog trip karte hai saath mein agar ye possible nahi hua toh Jamshedpur mein hi ghum lenge. Yaar train se Mumbai jaana tere saath bahot miss karta hu and specially humlog ka room(262,6118). Thank you the support and the awesome memories. Thank you for helping in writing SOP. Best of Luck Bhai:)
