Kesha Tamakuwala : Pushkarrrrr! Tu bohot demanding hai but whatever differences we may have I know I'll regret not writing this. You have so much energy all the time and you use most of it to rant about stuff :P You have all the problems in the world and also the solutions to those but it's interesting how I am given credit for the solutions. Teko life me sab kuch chahiye and I know you will achieve all of it because you are super determined and hard working. It's amazing how you have always been there to disturb my zen :p but yes you entered my bubble and left your impression. Bht mehnat kar but take life a little less seriously, worry a little less and jab bht successful ho jaye life me remember me :P

Yash Bhutada : Are bhau! We sure have been friends for long. Go fetch the leaf from the Ashoka tree in the parking :P Insti life wouldn't have been fun without you, and especially without our late night talks mostly you dissing about your love life and me talking about life in general. Would definitely miss these. Well, you do know you're among the first people whom I think of if I have to break any kind of news ;) Well boy if I had half the determination to study after coming to IIT, I wouldn't be whining about my grades. Keep it up and I'm super proud of your determination to do something once you decide it. I'll be there for you too!

Amit Gangurde : Pushkar!!! Kay machauta sir tumhi 🙏. Thanks for giving me sound advices be it related to interviews, mentoring or other random things. You have some great mentoring skills bro! Even though our interaction reduced a lot after the first year, it was great to talk whenever we met in mess or canteen. I still have that video in which Kalra asked "kaha se download kiya?" and you gave an epic reply 🤣. Touch madhe raha sir and all the best for the next year!

Ishita Shah : yaar tu toh baat bhi nahi karta ab

Pradnesh Patil : Yo Badak, I guess we first met on the Shivneri Bus and realised we were from opposing coaching classes ;p. But you ended up being one of my closest friends, who is always up for exploring new places (even if its 4AM ;p) and teaching me how to be as enthusiastic, happy and friendly as you. I always knew I could talk to you about anything and you would give the right advice. I'll never forget the Japan Stories and the Green Tea Kit-Kat you got from there and obviously for the best after placement party. I wish we had done the Goa trip but we still have a lot of time for that. Even tho you are there for another year, I am not gonna be leaving your back ;p. All the best and stay the same.

Chinmay Kalra : "Sun na BC" - this was the standard way with which you greeted me all throughout first year. I think Tayade still has that video jisme tu meri mast gaand maar raha hai over some chutiya doubts in MA 105. Tab toh legit phat ti thi tere se 🤣. Even though we didn't interact much second year onwards, jab bhi milte the it would be a fun small talk. Thanks for all those memories bhai!!

Nitish Joshi : Yo Pushkar! It was always great to have MPA people in insti and I hope we all would have met more. Pan whenever we met, tujhyashi bhetun kayam bara vatta - your cheerful nature and cracking random jokes. Apan first 1-2 years madhe kalsubai trek, food outings khup maja keliye. Next year ye US la mag ajun mast plans banvu. Baaki good luck for the future, I know you'll do great and let's keep in touch!

Talking deeply about movies, life and all our walks would be something I'll miss a lot. Also, chitchatting in our room and keeping you XD! I had a blast during MI and the wedding was soo much fun too (crazy dance XD). Keep updating us while we are away and I hope that you choose something that you truly want to do, and I know for sure you will excel in it! Looking forward to some kick-ass trips in the future. Vedant Ladha : Bhai! :) It doesn't matter if we don't talk as much as we used to anymore, I know ki zarurat pade, toh apan hamesha ek dusre ki help karenge in whatever way we can. Thanks for being my go to guy whenever I needed to vent or talk about something, in H4. Tujhe logo ke saath argue karna dekh bahut zyaada entertaining hai. xD Stay in touch bhai! :)

Arjav Shah : Pushkaarr! Man, we've had a great run, although last year me we didn't meet as frequently as we'd have wished. From the 1st year trips & craziness in the wing, to discussing serious stuff in the mess & over 2 am tea at H18, it has been an enriching experience. I love your positivity & listening to you speak about all you want to do with 'power electronics'. Hume jyada bahar jaana chahiye tha hume - kitni treats pending hai teri :(Seeing the smile on your face while I'd tell you about any new good thing was priceless! It made be feel even more happier. I am so proud of all you've achieved! Your pure soul & passion are gonna take you a very long way! Please stay in touch. Love, Baba <3

Allen Bose : Yo bro!! Happy to see that you have become a DAMP Co (you are a truly deserving candidate). We used to meet once in a while in H4, i guess especially in that stairs, we used to have discussions on random topics. It was nice meeting you, and I hope we will meet more.

Divyadarshee Das : Arey marathi manus, pure punekar. Man you are one of a kind. Helping when required with all the resources and energy and at the same time making sure ki sadda haq aithe rakh. I regret we couldn't meet often after 2nd year. You are a straightforward guy even your jokes. Yes we should listen to those who are worthy of it. You helped me realise importance of acads. Awesome guy with awesome personality and obviously an equally awesome friend. Best of luck bro

Prasham Agrawal : I think you are understating it when you say "thoda" chomu. Thoda nhi kaafi 😊😊. 1st year me aisa kya karta tha bhai tu jo itna busy tha woh mujhe aaj bhi nhi samjha 😊😂. Thoda aur free rehta toh ek do k aur maze le lete xD. We rarely interacted after 2nd year but I hope this changes in the future. I really do miss the entertaining fights in our wingxD. All the best! Stay in touch bro

Aayush Sharma : Yo Pushkar Bro!! we were wingie in 2nd year, uske baad TF mein saath kaam kiya, phir saath minor ka randi rona♥uske baad jab bhi mile kisi na kis par discussion kar hi lete the apan. I am so happy ki tu DAMP Co ban gaya hai♥tere par hamesha bharosa hai mujhe kyonki tu machata tha, machata hai aur machata rahega!! PS-tu kitna bhi mana kar le lekin tera BC maarna ka reason wahi tha jo mein bola karta tha 😊

Dhruvin Mehta : Yo beta/labmate/wingie/DAMP Co successor, etc..... Now that I and the other seniors are gonna be graduating, do try to complain a little less regularly(:p). You already always know what is to be done (be it from your experiences or our stories), and I know that your heart is always in the right place, so go for it. Your hard work and efforts will pay off. But also always remain the jovial and honest person you are. And of course, I'm always gonna be up for a chat anytime. Best of luck!
