Pavani Jeet Jignesh : Chalo ji ab aapke bare me likhte hai. Itne lit moments share kiye hai, summer of second year yaad hai 😂. Bhai infi philosophical talk that never worked 😊. CS, chemical, bandiya, sports been a constant guy to talk to. Highlight will be our constant support to each other during placements. Infi seekha hai tere se (about bandiya) and hope kabhi toh kaam ayengi yeh baate! I think our friendship is deep and will strongly continue in Bangalore. P.S tujhe free me mai apne ghar nahi rakhunga in Bangalore 😊

Mayank Sultania : Bhai apne exam ke time ke library moments.. Pizza, tere random doubts and mera tereko motivational lecture dena. Sach mein tu sala ekek rupee ko bachane ke liye at least 1 hr coupon codes mein lagata tha, and baad mein bara pizza mangane ke liye larta tha. Tera lapi ka alag hi pain tha and han class ke bich mein kaun swiggy se order karta hai bhai. Plus yaad hai na sale tune mujhe fluid ke exam mein lagbhag fasa diya tha, mana karte karte bhi xD. Itne notes batein hai na tujhe ki kya hi bolu. Milna bhai wapis jald hi! baki stay safe and kuch treatment lele abb toh back pain ka bhai..

Atharva Jaipurkar : Yo kaushal! You are one of the most soft spoken person I know! IARC me sath me kaafi kaam kiya hai, tere CS minor ka enthu toh next level hai bhai! We have shared a lot of secrets and you have been with me through all the thick and thin! Really appreciate you for that! Hopefully tera back pain jaldi sahi hojaye! Tu pehle bahot tension leta tha kuch baaton ka(ukwim!), It is good to see you over it now 😊 Aise hi haste reh, and take care♥

Goru Meher Ritesh Kumar : Hey Kaushore, your fundae (regarding you know what :P) are the best. I'm glad we connected through UMIC, and I had a great time working with you. regardless of what mood I'm in, you would somehow turn the conversation into a funny one, and I would always end up laughing. You are a kind, sweet, and a funny guy. It's always fun hearing your exciting romantic adventures. Let's keep in touch and job mai jaake machadeena.

Karthik Vignesh : Kaushal bhai! Lost count of those last minute course project submissions when we literally scrambled to put up something gradable XD Process control m toh humne last second m 4-5 baar edit krke daala tha LOL. Aur accha hua ki Safety ke course m woh book mil gya tha hume :P. And it still is hilarious how we have managed to pass our minor courses with the least possible effort XD. With your infi enthu and your god-knows-how-many startups I believe you will employ me sometime in the future :D Notice how I switched between Hindi and English seamlessly like you do

Adarsh Rathi : Kaushal bhai, tujhe kabhi nahi bhulunga, itna funny character hai tu mere life mei. Bhai alag level b*****i ki hai tere saath, CS minor assignment yaad hai, library mei mil ke puchna - "aaj bada thaka thaka lag raha hai", you get it what I am saying. Your silly texts to me and my even sillier replies. Bahut sahi dost hai bhai tu, kaafi helpful bhi. Thodi jaldi fat jaati hai teri bas but bahut hi hard working hai bhai tu, sahi me. I hope you do great in life with the same spirit. All the best! Keep in touch!!
