Lovish Gulati : Here comes...the most harami guy If the instiiii...bro....you are amazing.....from the first day of just 2 lines of talk...our frndship grows. And we started having full day and night discussions...tera room to bilkul sabha..hi thi sabke liye..teri UP wali tone m gaali dena...tujhe 'zindagi na milegi dobara' movie dikha k ghumne k liye insist krna...sb yaad rhega....last m yahi khunga...k..ladki k chakkr mai bhai ko bhul ja jana...🤔🤔....

Vishal Vishal : Abe saale..... Dost aur harami word ki ideal definition. First sem lagta tha ki ye bnda to bhot sariff hai. 2nd sem main lga han bhai ki thoda bhot hi backchod hai, Final semester aate aate harami panti ki charm seema pr phunch gya tu saale. Tera wo dialogue "Hum bhut saarif hai, nhi to Kanpur wale bahut harami hote hai"..... Lekin bhai tu mere best friends main se ek hai jisse main apni dil ♥ ki baatain share karta tha, aur tu baad main muje apni maturity level vali baatain krta tha. Miss u bro.... And best of luck for your future tuje zarurat nhi hai.....

Harishankkar GK : I should admit u r the most down-to-earth person out there even while being a genius..that humbleness you keep is always a welcoming sign for any conversation..u always listen to people and take the good things out of it..I like the way u silently go about your stuff without any fancy..I wish u all the best for your aspirations..I am sure you will be in a great position in the future

Jaydeep Lohia : Vinay bro, aapko yaad rakhne k liye bas aapka room hi kaafi h, fir vo window to window wala rishta, some discussions we did about life, and your charming personality, your intelligence, there are many things to remember. Will miss you bro.

Amrit Prittam Nayak : Words will always fall short to express our collective feeling for you. Be it solving a difficult problem or talking about life, I never hesitated to knock at your door(no matter what time it is). And surprisingly, I never returned empty handed. I will miss your advices and life lessons. Still, you will be the most harami baccha with an innocent face. 😂 Fact Update: Google says France is the most visited place in earth. For us it will always be your room. 🥰 Go grab your dreams. And, I don't know how but definitely stay in touch.
