I remember meeting you for the first time during PG Cult Rangoli event.Also after that we talked more due to the Placement Team.Even went out on Diwali with your chemical gang.It was fun.It's been great knowing you.You have been one of the most supportive CCs I have known.I still remember the day I got placed you had asked me about things to say in interview and the very next day you got placed too.Best of luck for everything and be the same person as you are!!

Athena Susan Sajan : Hey Bobby!! You know what I like best about you? Your enthusiasm+confidence. During the CC interview I had rated you the least citing some reason. I was pretty tensed then. But the minute I got my senses up I knew I had made a mistake - you were perfect for the job! Rise to the occasion my friend and seize the moment. I love you very much Bobby!! Keep the party going!
