Apurv Tiwari : Maitru, hamara gareebon ka baahubali! Tumse itne itne time ke baad milkar bhi aisa nahi lagta ki infi time baad mile, it feels ki jahan se chhoda tha wahin se wapis catch up kar liya, and please stay this way forever <3 <3 <3

Abhro Bhuniya : Brother.. I have no words for you. Because words cant convey how much you hold dear to me. Quite simply, I craved for your company, your ideas and your bright-eyed crass jokes. The more I write, the more my chest hurts, because I know I may never be able to share a bond with anyone else as I did with you. Ever grateful to you.

Ayan Choudhary : Awesome memories in MRT lab, techconnect and other tech symposiums. You have been an extremely reliable part of the team. Thanks for bridging many gaps between elec and mech subsystems :D. Akhri sem me gym ki mulaqate bhi badhiya thi xD All the best :)

Drish Mahnot : Green Day is the greatest band on this planet. Goa Gang was so crucial to my insti life in so many ways, thanks for the memories. And the one day you forgot (brownies xD)

Swadha Sanghvi : Bro!!! I can't imagine insti life without you! I don't know mere itne fuck ups ke baad bhi tu next blunder ke liye ready kaise hota hai. Thoda jaldi khana seekh le warna I'll eat all your food, I think a reason maine tujhe mota nahi hone diya during insti life. Bina ek start up chalu kiye tera peeche nahi chhod rahi 😊

Deshpande Harsh Saiprasad : Maitrey!!! Best Software Head evaa! I'll really miss all the fun we had during our rover 'work' meetings. Apni team treat reh gayi yaar iss saal ki :(. Aise hi machate rehna life mai!

Kushagra Kacholia : Brooo!! First year me khub maze kiye sathme, and woh time hamesha yaad rahega. Kaafi soft spoken and humble hai tu, and hamesha maze aate hain catch up karke!! Party karte hain ek aur baar bhot jaldi! Stay in touch and all the best!

Neelesh Verma : Bro!! Team-mate in so many projects, I always used to get surprise by your unique ideas during our projects. Itne saare random discussions on animes, politics, and others. Puri night baithke computer architecture ka project kiya tha. Instead we should have slept well that night I guess ;). Tujhe robotics wale course ke assignment me, har baar mere laptop ki need rhti, I am still ready to exchange mine with yours ;). Aise hi machate rah, all the best for the future. AC3 khelna ab to start kar de .lol...

Mayanka Medhe : Hey Youknowwho, You are one of the few people I can talk to about anything (and anyone :p). Thanks for introducing me to anime and kpop, which have kinda become my lifeline now. Also, it was fun to have you as a teammate starting from HiFi up until the robotics assignments(even though it wasn't in teams XD). I'll wear that suit the next time we meet but it is your responsibility to bring the hat and the wand. And don't forget the rabbit inside the hat :p. And the most important thing- Don't think ki mujhse picha chut gaya hai tera :p.

Gurparkash Singh : Matty Boi!! Sabse zyada philosophical baatein bhi tere saath hi ki and sab se zyada double meaning baatein bhi. :P Such is your versatility. :D Tere saath koi bhi topic pe discussion either takes a deep dive or a dark turn xD. Bro tu yaar bro hai! Drunk hoke group hugs hmesha yaad rhenge bro <3. And wo Dept Trip pe age counting bhi! Munnar trip was indeed special. Wo slap ka badla and wo park me ki GPL ka badla is still pending :P. Tu infi interesting and bahut hi genuine banda hai bro. Next time milke ek aur Gin khatam krte hai! :D

Kumar Saurav : Katon! Goukakyuu No Jutsu! Such a die-hard Naruto and Harry Potter fan. I first got wind of how much of a fanatic you were when you kept on doing those hand seals for the fireball jutsu. And of course, then the anime floodgates opened and then Kpop. No wonder you remained gaunt with all the resulting missed meals. I had absolutely no idea you rocked tech teams too until you got that Tech Citation - way to go roommate! But the best memory will be those guitar deals - snagged atleast 3 people and reaped the benefits. It was our bad luck Bohra was one of them, but it was such a good contract - "make an offer they can't refuse".

Vedarth Choksi : Yo Maitrey! Roadrunner wala group banaya tha 3rd year me and successfully 4-5 baar bhaagne gaye 🤣. Apan ne kaafi zyada discuss kar rakha hai kaise weight badhana! And wo monkey bars pe bakchodi. Tera Youtube wala video GPS ne dikhaya tha tabse chakam gaya tha ki tu bohot machau hai 🤩. Anyways, tujhse guitar bhi seekhna hai 🙌. Just stay in touch bro!

Namya Bagree : The smart CS guy who would silently end up doing everything, You Know Who. Always sorting out problems, one of the coolest members of "Goa Gang". Wrestle AI got us all together, for amazing freshie times, night outs, climbing fire exits, roaming through MI and the best dares made our time together the best!

Amey Patil : Matty bro! Bangalore ka roomie! Your trekking love! That Matheran trip was the best trip in my college life! I'll always remember you doing Naruto hand signs every time you walk into the room. I'll always remember you worrying about everything and coming to my room in an immediate panic. Your love for pets was adorable! I believe that College life is not only about academics, accomplishments and good or bad memories, it's about how we get our personality and ideologies from those experiences which we are going to nurture for the rest of our lives! And I'll always be glad that our paths crossed in the most amazing time of my life!

Rupesh DNE : Yo bro, BTP partner <3. for clarification BTP is just a project not some pro version of BTS. Life's fun but at work you have really helped a lot. Kaafi baar kaam mein help kar dete ho. thank. Good luck for future. Also if someday I start some company, I would love to hire you cause you are really good in work ethics :P

Bhuyashi Deka : YooooooooKnowWho.... life mein *insert* waali line abhi tak use kar rha hai. Goa trip and team HiFi (I still dont agree with the name sorry :p) mein maza aaya. Got to meet my best friends because of that. Tere saath chatting was also a lot of fun. Kaafi sahi comebacks hote hai tere :p. Also intern mein mujhe trips mein bulaane k liye thaaaaaanks. Bohot bore ho jaati warna main wahan. Baaki keep being the helpful, funny guy. And ek aur trip pe chalte hai apan sab log <3<3

Sahil Saiyad : Kya energy he bro yaar tere me. Pure time kuchh karte he kuchh karte he karta rehta he. I still regret not coming to that Lonavala trip. You push everyone around you to step out of their comfort zones and help them live a little more. Drunk ho k alag feel me aa jata he tu. Those occasional drunk walks to boat house were peaceful af. Kya trip kiya he brownies kha k apan ne bc. Your love for Alvin is unparalleled. Your occasional visits to my room brightened my days. I hope Alvin ka photoshoot kar paye apan.

Kavya Bhandari : So glad to have met you and the rest of the Goa Gang in my 1st year. Won't forget that tu kabhi nhi katata tha. Essel world and Imagica were so much fun. I remember we were such a good team at pictiography xD. Farewell friend...

Preetam Pinnada : You make everything look easy. You bring in that essential optimism and hope to the work. You're that get the stuff done and chill vala bro. Above all a great friend. Thank you. All the best!

Ishan Tarunesh : Dost to hum ache the hi, I guess Sakhiyan group ne humein aur acha dost bana diya (thanks no thanks Mayanka). I'm glad I got to know you better and more closely. I regret telling you about Twice because now you score more than me in Twice Quizzes 😂. But it is fine as long as tumhari nazar Mina par nahi hai. Going to synced ISMP meets with you to H15 was fun though we never came back together. Do you know what was more fun? Disturbing Swadha through your phone. Let's keep catching up over zoom calls with 4th wing or 3rd floor. We can do a Sakhiyan zoom call also. Future holds great things for you

Rajat Jain : The first time we met in my room, I steered the conversation in random directions but you made it systematic. I knew you were great right then, thanks for adopting me! (8 semesters ka plan toh nahi bana abhi bhi par xD) Meeting outside H2 mess to discuss about courses, room mei discussing intern, SSL, Diwan, semex; your timely advices (and late replies :P) have always proved helpful! 3rd sem wouldn't have been the same without you! I think, more than a mentor you've been a patient friend. You speak through your knowledge and that makes a difference! Wish you the best for your future! Btw, your "plan of no plan" cannot fail..coz treat dene wapas aa rahe ho! <3 Limit reached, no not yet, oh don
