Rupesh Leburu : First off, i will Never stop smiling creepily. And second, Only when i sit down to write this do i realise, all that time spent trying to figure you out was a waste. You're a chaotic mess made up of wonderful things. Just being there with ya enriched me, whether that was in learning what to do or what not to. Thanks for adding all that to my insti experience dude. Keep singing randomly and bringing new music into people's lives. And if u don't get too famous for us, stay in touch.

Vellala Naga Sasanka : Ronny, this was your mini militia username, Playing mini militia in 15A 702. Those were our first bonding times since I slept through the whole orientation on day 1. Our friendship only grew stronger from there on. I loved every one of our discussions on love, purpose, peace. You were always there when i needed some one. You challenged my ideas like no one I met. Hope you achieve everything you want, you multi talented romantic!

Pragadheesh Kumaran : Rohit!! My summer roommate 😂😂 it was real fun four years with you guys! Sorry for denting your laptop 😭😭

Potlapally Sai Kishor : Rey playboy, neekemaina single room ichara?, neeku pilla dorikina prathi sari paapam Yashu ganni vellagodatav 😞. konchem 'dinchak dinchak' stunts taggiste manchidhi 😂. All the best for your future and enjoy your life to the fullest 😊.
