Shalini Tyagi: Appu Khotae! Mujhe jhelne k liye tujhe koi toh grand award milna chaiye Humesha maa ki tarah care ki aur ma k jaise daata. Ladae, hasse, roye, jeeye saath sath ♥ You will never believe on whatever I say no matter how serious I am, specially things related to time, I don't know why:D:P I love you to the moon and back. And, I am not jealous of your basstt friend goals, okay!!!

Aprajita Shukla: I will fall short of words if I have to describe my bond with you. If I were to describe my iitb life then I would say it started when I met a girl wearing yellow kurti, who offered to steal a glass of milk for me, and it ended with the same girl on returning back from the campus. C-235 is not just a room, it's my home! And we did manage to extend it to C-222 ↔. Your friends became my friends, your family became my family. And most importantly! Thank you for introducing me to your sahaj family! Sahaj for me will always be a group of people who radiate positivity!:) Aparna singhal I can never thank you enough for what you've done for me. Love you endlessly! ♥ Stay with me!:)

Neharika Sharma: Apu khote!! Thank you for keeping something in your room to munch on. Had you not been there main toh kitni raatein bhookhi soti⊌. I still remember the deep discussions in biophsyics practical. Koi samjha nahi raha toh aapas mein hi samajh lo⊕

Harsimran Kaur: I have admired one thing about you since the beginning of our journey that you really care a lot about everyone. You see to it that everyone has eaten, everyone is all okay. Though we had our share of differences in the beginning but I am glad I got to know you and we eventually became friends. I will miss you and the mathi + achar you had in your room. XD

Rumjhum Mukherjee: Rarely do I make good friends. And you are one of the very few people who crossed that bar and settled in my heart to stay there forever! Our mother on campus, I'll be thankful for everything: be it the way you care for me, or how you drag me out of bed on dull days, or how we sit together in class or how we take common electives so that we can go to class together! I'm grateful for the time we had together, the things I learnt from you, the interaction I'd with your family and how they made me their own. The best time we've spent is also the last few happy moments we'd together! I know we'll always be in touch! Love you loads! <3

Shaifali Shaifali: Who can imagine that we started IITB journey from Delhi together. Amazing coincidence lgta h merko. What I really love about you is that you are always complementing and appreciating others. Hmesha aise hi positive rhna and sbko motivate krte rhna. Keep up the hard work and honesty. Keep laughing! Best wishes from my side!!

Lisha Awasthi: Mata ki tarah daat kr padhana, aur hamesha bacho ki bhook ka khayal rakhna....tera woh aake words bolna 1st semester mae jab koi nhi aya tha "tujhe dr toh nhi lagta akele sone mae behen mae aajaun" that too when we were not that close... woh hamara movies dekhte dekhte alag picture bnana daat phaad kr kya amazing hota tha debe... sabka attention movie chodkr hamare liye divert hojata tha.... bda mazza ata tha... woh faltu k jokes aur shalini ko sota dekh kr chidna exam se phle debe....15 days roomate experience was amazing... kuch best trips saath mae kiye hai humne...tere decision lene ki quality kamal hai..... Wishing you best for you future.

Maayla Siddiqi: I will always remember your caring attitude towards people. Lab me bitching karna chup chup ke, or paglo ki tarah maza karna when lab was empty during holidays. Tere class notes jiske vajah se meri miss hui classes ka bharpaya ho jata tha, class me beth k jo sabse zada jaga hua reh ke dusro ki bhalayi k liye notes banati thi vo tu hi thi ek. ... Love you, Be as you are ...

You spread happiness in every room you enter and your laughter is hell contagious! I still miss humare room wale discussions about you know what: P keep in touch aur shaadi ka card bhejdena yaad se

Jeyapriya T J: One of the dedicated girl who gets peace from meditation. Whenever I see anything related to meditation, that reminds me of you<sup>™</sup> You're pure soul, and also very helpful whenever needed. You've never said no to anyone whoever is asking for help. I've admired the way you take notes in an eye catching way<sup>™</sup> which inspired me to take good notes but have never done that<sup>™</sup>

Aravindan S: You were the first person I interact with our cluster after we elected. U created friends circle for me with other MSc people and created whattsup group. U are one of the memorable friends for me in iitb. But unfortunately and unpleasant behaviour of mine made to destroy our friendship bond whatsapp group and 5 people of friends. In mobile still I didn't delete that group. Sorry for my behavior. now I changed a lot but I missed those opportunity to spend time with you. I always respect your confidence and dedication. I hope you will be still in contact with me hereafter. All the best for your job and future life.

**Sudhakar Kumar:** Till date, I could not know why you were always in a hurry (be it any time of the day). Anyways, thanks to you for letting me handle a few firms of yours. Due to this, I got to know you more. I could realise that you were very quick in getting the jokes (of different genres). So, your company offered me a platform to crack my jokes and listen to your bad jokes as well. Most importantly, you were always ready to offer help. Due to your health issues lately, we could not meet frequently. But still I do have some memories of yours which I would miss a lot. Keep rocking and running as always! I wish you all the best! May you succeed in reviving your platelets!

**Titash Baidya:** You asked me for being your lab partner, and I agreed.......at the first semester when I was in trouble regarding labwork and studies you showed your unwavering support and I will be ever grateful to you for that. I learned a lot of things. You have good managing abilities which will help you in your wokplace. My heartiest congratulations for you future!!!!! Stay blessed.
