RAYJADA SATWIK PANKAJKUMAR Civil Engineering

Pramit Kumar Mitra: satwik...you are the most gentleman I have ever met. The very clear concept, high patience and pure intellect makes you a wonderful and brilliant student. But the most interesting thing I find in you is your intellectual political jokes, (actually me being a tubelight in this matter find it most beautiful). The another thing is your calmness, I have never seen such a calm student ever. Stay happy forever and enjoy yourself as you always do.....
